20 years ago, Tim Berners-Lee invented the World Wide Web. For his next project, he's building a web for open, linked data that could do for numbers what the Web did for words, pictures, video: unlock our data and reframe the way we use it together.

Tim Berners-Lee invented the World Wide Web. He leads the World Wide Web Consortium, overseeing the Web's standards and development. [Full bio »](#)

Open-source, open world

Curated by TED

Embrace our wide-open shareable future – where everything's hackable and the power of the crowd propels innovation.

Where do ideas come from?

Curated by TED

How does the metaphorical lightbulb go off? Is it a flash of genius? The power of crowds? These heady talks explore the nature of ideas...

The artist is in.

Curated by TED

The Open Knowledge Foundation

EMPOWERING THROUGH OPEN KNOWLEDGE

We are a **global movement** to **open up knowledge** around the world and see it **used and useful**.

We bring together a **diverse community**, building a **network** of individuals and organisations, founded on **key principles**.

The Open Knowledge Foundation **trusted, non-partisan, pioneering and passionate**.

We create change by **educating, empowering, evangelising and making**.

5 ★ Open Data

Tim Berners-Lee, the inventor of the Web and Linked Data initiator, suggested a [5 star deployment scheme](http://5stardata.info/) for Open Data. Here, we give examples for each step of the stars and explain costs and benefits that come along with it.

UK Departmental Spend Reporting as of February 05, 2013

Every body of the UK central government is required to report its transactional expenditure once a month. This table lists all Core Government departments and shows how up-to-date their spending reports are on data.gov.uk.

⚠ This report service has been launched as a public beta .

The intention for the first couple of weeks is to allow government publishers to audit their entries on data.gov.uk and ensure all their spend transaction data is included in this report.

Overall statistics

23	core departments
5 (21%)	Up-to-date
18 (78%)	Has past data
0 (0%)	No data

Core departments (required to report monthly expenditure)

Percentage of proprietary statin prescribing by CCG Sep 2011 - May 2012

If two thirds of the proprietary drugs had switched to the generic forms of the same drugs in the year to June 2012, this would have saved £200 million pounds

Mikil aðsókn í gjaldfrjáls gögn Landmælinga Íslands

Birt þann 01/02/2013 af Jensína í Fréttir, Gjaldfrjáls gögn

Þann 23. janúar síðastliðinn voru öll stafræn kort og landupplýsingar í vörslu Landmælinga Íslands gerð gjaldfrjáls. Gögnin eru notuð við ýmis verkefni á vegum stofnana ríkisins s.s. við skipulagsmál, náttúruvernd, náttúruvá, orkumál, rannsóknir og opinberar framkvæmdir en einnig gagnast þau almenningi og fyrirtækjum með margvíslegum hætti.

Töluverður undirbúningur hefur farið fram hjá Landmælingum Íslands, við að gera aðgengi gagnanna eins auðvelt og hægt er þannig að greiðlega gangi að hlaða þeim niður af vefnum. Viðbrögð hafa verið mikil frá fyrsta degi, mikil aðsókn að vef stofnunarinnar og fjöldi skráðra notenda og skráa sem sóttar hafa verið orðinn

umtalsverður. Margir notendur hafa lýst ánægju sinni yfir því að gögnin skulu nú vera gjaldfrjáls og hve greiður aðgangur er að þeim.

Frá 23. til 31. janúar hafa heimsóknir á vef Landmælinga Íslands verið samtals 15.518 sem er margfalt meira en venja er til. Frá sama degi hafa alls 521 notendur skráð sig til að hlaða niður gjaldfrjálsum gögnum, samtals 2.389 stafrænar skrár sem eru alls 493,2 GB að stærð.

Notendur gjaldfrjálsra gagna í vörslu Landmælinga Íslands eru hvattir til að hafa samband við stofnunina ef þeir óska frekari upplýsinga eða ef þeir hafa athugasemdir eða ábendingar. Senda má póst á lmi@lmi.is.
