Sigmundur Einar Másson

Stafræn verkefni

Af hverju ?

Lykilástæður

- Ósamræmi í efni
- Lítil framtíðar sýn
- Lítil kunnátta innan fyrirtækisins
- Mikill tími í breytingar
- Breytingar - RISA verkefni
- Lagfæringar á villu

Þarf **virðilega** þetta hönnunarkerfi, þetta er **alltof dýrt**
og tekur svo **langan tíma**.
