The screenshot displays the 'Kjæledninger' (Leads) section of the 'Gåsen Agency' software. The interface includes a sidebar on the left with navigation links: 'Kjæledninger', 'Oppsett', 'Oppgavekjøring', and 'Arbeidsnotat'. The main header area shows 'Gåsen Agency, Kvalbu' and a search bar. Below the header, there are tabs for 'Kjæledninger' and 'Oppgavekjøring'. The 'Kjæledninger' tab is active, showing a list of leads. The list has columns for 'Kjædet', 'Status', and 'Verdi'. Two leads are visible: 'Bjergsnes Hvalfiskebått (TÅK)' and 'Tvedtun Hvalfiskebått (Vikar)'. Both leads have a status of 'Kjædet' and a value of '40 000 NOK'. The bottom of the screen shows a footer with 'Gåsen Agency' and '© 2020 Gåsen Agency'.

Digitization er annað en digitalization

Lykillinn að velgengni í öllum tilfellum

Það er alltof auðvelt að búa til meiri vinnu með stafrænni heilbrigðistækni og gervigreind, hönnum tæknina saman og vinnum ferlið af heilindum

- Co-design er algjör leikjabreytir
- Djúpstæð virðing og áhugi
- Fagleg vinnubrögð
- Þverfagleiki í hvívetna
- Þrautseigja, nóg af henni
- Alvöru samvinna
- ..og að muna að það má hafa gaman, því annars er svo leiðinlegt!

Takk fyrir mig
